DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group I, claims 1-6, in the reply filed on August 30, 2005 is acknowledged. The traversal is on the ground(s) that the amended claims 1-9 now belong to one invention. This is not found persuasive because, for example, claim 7 of Group II does not require a plate-shaped middle mold as required by claim 1 of Group I.

For the purpose of clarification, note that the phrase "sorting out shredder waste" in the last Office action should have been "forming a multi-colored cap part." However, the current restriction requirement of the amended claims still remains.

The requirement is still deemed proper and is therefore made FINAL.

Specification

The abstract of the disclosure is objected to because the abstract may not exceed 150 words in length, as required by 37 CFR 1.72(b). Correction is required.

Allowable Subject Matter

Claims 1-6 are allowed.
